

Hand made needle felted product from Šumava

Manufacturer:

Gabriela Skorunková – GaSko

My passion is handcraft create. I love felting and everything what is made from sheep wool.

I am inspired by the nature itself and try to pass this inspiration forward, through my products.

I try to have all my pieces 100% one of kind, friendly, hand made with love and almost always recycled.

Hand made needle felted product from Šumava:

Every one of my sculptures is made from Czech Wool and I truly love working with it. The quality, feel and texture of Czech Breed wool is exceptional and sadly, still very under-appreciated!

I use Czech Merino wool for smooth surface fibres down. I try to only use Czech suppliers and nearly 100% natural materials for all of my sculptures, and I strongly believe in supporting Czech local farms.
